

## Welcome to **Honors Portuguese II!**

I am excited to work with you as you continue your study of Portuguese in the fall here at MVRHS.

We want to be sure that you enter Honors Portuguese II with everything that you learned last year still fresh in your mind. We will be picking up right where you left off in June!

In order to help you maintain your Portuguese over the summer, below you will find explanations and practice for specific grammar and vocabulary concepts that you learned last year. The links and files below provide explanations as well as opportunities to practice working with the concepts and assess your level of understanding.

Instead of having summer worksheets that you are required to complete and hand in, there will be an assessment on the first day of class to ensure that you have mastered (and remembered) the concepts from the previous year. Reviewing and using the below resources will help you to enter Honors Portuguese II prepared to be successful on the assessment as well as in the course.

The assessment on the first day will count toward the first quarter and will include: Reading, Writing, Speaking, Listening, Vocabulary & Grammar.

If you have any questions over the summer please email me at [jsampaio@mvyps.org](mailto:jsampaio@mvyps.org). I will check my email 2 times per week.

Have a great summer & see you in the fall!

Professora Sampaio
